The Experience

26 Fuso agents enjoyed 2 days of an action packed Tasmanian cultural experience. Tall-ship sailing, mountain biking, jet boating, fly fishing, Ambrose rules golf, sheep farm activities along with gourmet bush tucker, farm cuisine and Tasmanian wines and beers were all on offer.

Day 1

Starting the day with a Derwent River breakfast cruise on the tall-ship Windward Bound, followed by mountain biking down Mt. Wellington and white water jet boating on the Huon River. Lunch was a gourmet bush tucker alfresco affair with everyone trying their hand at fly fishing.

Day 2

The group enjoyed 9 holes of "Ambrose Golf" on The Ratho Golf Links, a time capsule, its most apparent uniqueness is the sheep, which graze and keep the playing areas short, with fences to keep them from the square greens. Wine, cheese and honey tastings were tasks performed at each tee awarding teams extra points to add to their golf score.

Leaving Ratho the group travelled by bus through picturesque farmland taking them to the final destination at Currunga Farm for sheep shearing and farm dog displays. The hard working and clever sheep dogs always excite and amaze spectators.

Dinner was a gourmet bush tucker / farm experience. Rolled seasoned lamb, roast pork, roast venison, mountain burgers, beef steak, marinated wallaby tenderloins, roast beef, beef steaks, 3 spiced trout, potatoes and salads were accompanied by Tasmanian wines and beers. The group was entertained by the country band "One Step Back" during the evening before reluctantly leaving for Hobart by bus at 9.00 pm.

Conference organizer feedback

Thank you for a successful and enjoyable 2 days
